

Kia ora Swim Tangaroa Whānau,

Thank you for being part of the Swim Tangaroa whānau. We truly appreciate your continued commitment to your swimmer's development and their ongoing water safety journey.

Over April and into May, it has been fantastic to see swimmers settling confidently into lessons through our new 48-week programme. The consistency is already making a noticeable difference, with growing confidence, improving skills, and plenty of smiles in the pool. Our instructors continue to work hard to ensure every lesson is supportive, engaging, and fun.

We've also loved seeing swimmers take part in our recent activities, including the Water Safety Sticker Chart Challenge, our fun and imaginative Splash into Space Week, and the colouring-in competition. Thank you to everyone who got involved, it's always wonderful to celebrate learning in creative and enjoyable ways.

As we move through the cooler autumn months, our focus remains on building strong foundations, encouraging resilience, and fostering a lifelong love of swimming and water safety.

Thank you again for your ongoing support. We look forward to sharing more updates, reminders, and upcoming opportunities with you throughout May.

Swim Tangaroa Learning Pathway

The Swim Tangaroa Learning Pathway provides a clear, supportive, and structured progression for swimmers at every stage of their journey – from first water experiences through to advanced Learn to Swim development squads.

Pēpi → Tamaiti → Tamariki → Learn to Swim (LTS) → LTS Waka 1 → LTS Waka 2

Swimmers progress through the pathway based on individual skill achievement, water confidence, and readiness rather than age alone, helping ensure everyone is supported at the right level. LTS Waka 1 and Waka 2 build strong technique, water safety skills, and confidence in a positive, non-competitive environment that encourages enjoyment and lifelong participation in swimming.

Important Date – King's Birthday Public Holiday
Please note there will be no swimming lessons on Monday 1 June due to the King's Birthday public holiday.

Automatic lesson suspensions will apply.

- **🔔 OUR 48-WEEK PROGRAMME REMINDER**
- Swim Tangaroa lessons run through the school holidays as part of our 48-week programme. If you're planning to be away, please remember to use Self Suspension in the Active World App.
- How to Self Suspend:
- Active World → Manage My Account → Self Suspension → Select dates
- Please remember:
- Suspensions must be completed before the missed lesson
- Use Self Suspension for planned holidays (not the absence button)
- Thank you for helping us keep lessons running smoothly ★
